

Setting up shipping by weight

In shipping settings – change Shipping type to weight

Here you can add your shipping by weight – if you want to add free shipping over a certain amount, you can add the amount in the box shown. Eg. Over £40 (Don't add the £)

Tick enable local pick up if you are offering that option.

Add your weight and value into the weight rule box – you can choose up to or more than and then add your weight in KG and it's cost. Add more options by clicking the +

Once you are done – SAVE
